Ageratum
'Parc Majorelle'

ARGYRANTHEMUM

Well branched early season collection of Argyranthemum. Heavy first flush of color.

Compact growing variety whose citrus-yellow flowers are decorated with a golden centre.

Argyranthemum 'Citrus' - No. 8874

Argyranthemum 'Lolly' - No. 1084

Argyranthemum 'Margarita' - No. 9641

Argyranthemum 'Vanilla Latte' - No. 8876

Argyranthemum 'White Mocha' - No. 6183

BEGONIA BELLISSA™ BEGONIA BELLECONIA™

BEGONIA BELLISSA™

BELLISSA™ is a series of upright growing Begonia with a compact free branching plant habit and colorful double flowers. They can be grown without pinching and are well suitable for baskets and patio containers. BELLISSA™ prefer partially shaded locations and are suitable for full sun in northern climates.

Begonia BELLISSA™ 'Red'

Begonia BELLISSA™ 'Orange'

NEW

Begonia BELLISSA™ 'Orange'
No. 9059: bright salmon-orange flowers over dark green foliage.

NEW

Begonia BELLISSA™ 'Red'
No. 9066: the dark green foliage turns almost black in summer; packed with red double flowers.

NEW

Begonia BELLISSA™ 'Yellow'
No. 9068: mid green foliage with bright yellow blooms.

NEW

Begonia BELLISSA™ 'White'
No. 9067: green foliage with bright white blooms.

BEGONIA BELLECONIA™

This high performance robust series of double-flowered pendulous Begonia varieties are ideal for baskets and window boxes. The Begonias are part of Kientzler breeding and are selected for grower performance under greenhouse conditions. The cascading plants are literally covered with flowers all season long.

Begonia BELLECONIA™ 'Citrus'
No. 6727: attractive variety with large flowers in butter yellow over green foliage.

Begonia BELLECONIA™ 'Mango'
No. 6728: wonderful double flowers with a gold to orange colouration, red flower stems.

Begonia BELLECONIA™ 'Salmon'
No. 1281: dark salmon-pink flowers over rich green foliage, early-flowering.

Begonia BELLECONIA™ 'Hot Orange'
No. 1296: a flowering wonder, producing a deluge of large, bright orange-red pom-pom flowers.

Begonia BELLECONIA™ 'Rose'
No. 1256: rich, deep rose-pink peony flowers over moss-green foliage.

Begonia BELLECONIA™ 'Snow'
No. 1297: vigorous basket variety with very large, snow-white flowers. Somewhat later to flower than the other varieties, but puts on a spectacular show all summer long in the shade!

Begonia BELLECONIA™ 'Soft Orange'
No. 1258: interesting flower colour, opening light pink and later flushed with orange.

COMPACT VARIETIES

BEGONIA SUMMERWINGS™

Begonia SUMMERWINGS™ 'Compact Orange'
No. 5499: a compact type of SUMMERWINGS™ 'Orange' with well branched habit.

Begonia SUMMERWINGS™ 'Compact Tangerine'
No. 5498: large flowers in bright orange colour. Especially nice in hanging baskets.

Begonia SUMMERWINGS™ 'Deep Red'
No. 1204: excellent sun tolerance, with deep velvet-red flowers and fern-green foliage.

Begonia SUMMERWINGS™ 'Ebony & Orange'
No. 1195: an attractive addition to the range of stronger-growing basket types, with initially upright growth. The large orange flowers with golden-yellow stamens contrast beautifully with the bronze foliage.

Begonia SUMMERWINGS™ 'Apricot Improved'
No. 1248: earlier to flower, this more floriferous selection has a more upright habit. The larger and more intensely coloured flowers are less pendulous and present themselves well.

Begonia SUMMERWINGS™ 'Rose'
No. 1206: rich rose-pink, pendulous flowers over dark green foliage.

BEGONIA SUMMERWINGS™ ELEGANCE

Begonia SUMMERWINGS™ 'Coral Elegance'
No. 1284: countless light-red flowers smother the green foliage of the extremely well-branched, wellrounded plants.

Begonia SUMMERWINGS™ 'Dark Elegance'
No. 1203: a truly special variety, the compact 'Dark Elegance' is a real stunner, the orange-red flowers contrasting vividly against the dark, almost black foliage.

Begonia SUMMERWINGS™ 'Orange Elegance'
No. 9871: big orange flowers over dark foliage.

Begonia SUMMERWINGS™ 'Pink Elegance'
No. 1205: the perfectly rounded plants are absolutely covered with pastel-pink flowers that are flushed with strawberry red on the outside; emerald-green foliage and early-flowering.

Begonia SUMMERWINGS™ 'White Elegance'
No. 1196: white flowers over dark green foliage. Flowers early and rich.

BIDENS

Bidens by Kientzler

BIDENS

Our current assortment clearly shows how modern breeding techniques can innovatively recreate a genus like Bidens: new flower sizes and colours generate interest and demand.

NEW

Bidens 'Mini Bee Sun' - No. 7894:
densely covered with flowers in a bright, sunny yellow; compact plant habit.

NEW

Bidens 'Mini Bee Crown' - No. 7897:
charming appearance with red flowers and yellow margin; compact growing variety.

NEW

Bidens 'Bee Meadow' - No. 6953:
highly vigorous variety, which is perfectly suitable as groundcover, covered with flowers all summer long. An impressive meeting place for bees.

Bidens 'Bee White Improved' - No. 6952:
improved variety with bushy plant habit and reliable blooming performance in summer. Highly attractive for bees.

Bidens 'Royal Brocade' - Nr. 6951:
the attractive red flowers are decorated with a golden-yellow edge, granting a noble impression in spring and all summer long. Well branched variety with medium vigour.

Bidens 'Fire Dance' - No. 3975:
vigorous variety with semi-trailing growth habit, great for hanging baskets with large orange-red flowers.

TOP SELLER

Bidens 'Popstar' - No. 1308:
stunningly unique, with huge flowers presented directly above the feathery foliage. Truly breath-taking new hybrid bred by Psenner.

Bidens 'Spicy Electric White' - No. 6954:
perfectly round plant habit and early to bloom with nice flowers over classic Bidens-foliage. Great variety for hanging baskets and combinations in summer.

Bidens 'Sweetie' - No. 1306:
ideal pot variety with excellent branching. Very early-flowering, with lemon-yellow flowers and eight ray florets.

Bidens 'Tiger Bee' - No. 3976:
perfectly round growing plant with striking yellow flowers with red star pattern. Medium earliness.

BIDENS BEEZAR!

Bidens 'Popstar Red' - No. 6945:
large red flowers, which develop a yellow center in summer.

Bidens 'Tweety' - No. 1315:
semi-upright, ball-shaped habit with 2" large, golden yellow flowers. Excellent for pot cultivation.

Bidens BEEZAR! 'Fire Wheel' - No. 1339

Bidens BEEZAR! 'Funny Honey' - No. 1334

GAILLARDIA

This heat-tolerant Gaillardia SUNBUDDIES have a strong vigour and a great blooming performance over summer: Spent flowers are continually overgrown by new shoots. Gaillardia are best suitable for hanging baskets or to plant in the ground. Gaillardia have some winter hardiness and are highly attractive for bees and butterflies.

Gaillardia SUNBUDDIES 'Gold' - No. 8683:
strong growing variety with bright yellow flowers and cool frost tolerance.

Gaillardia SUNBUDDIES 'Red' - No. 8685:
red flower with yellow edges. More compact variety than 'Gold'.

◀ Fuchsia STANDUP 'Red/Purple'

GAURA

Gaura Baby Butterfly 'Dark Pink' - No. 2259:
Baby Butterfly Dark Pink only grows 10" tall and has good branching. It produces dark pink, butterfly-shaped flowers and flowers rich and long from early summer into autumn.

GOMPHRENA

Gomprena 'Cosmic Flare' - No. 6589:
lime green foliage contrasts nicely with the bright fuchsia ball-shaped flowers of this new globe amaranth. A great choice for containers, mixed borders or urban gardens.

HELIOTROPIUM

Heliotropium 'Midnight Sky' - No. 2390:
very early-flowering and robust. Dense branching habit, with many small, dark violet flower heads. Produces an excellent pot quality, and flowers all summer long.

LOBELIA LOBELIX

LOBELIA BLUE BREEZE

LOBELIA BLUE BREEZE

NEW

Lobelia 'Blue Breeze' - No. 7902:
 a hybrid of different Lobelia with semi-trailing plant habit and superior flower performance in summer. Somewhat later to bloom than Lobelix.

 **highlight**

NEW

Lobelia LOBELIX™ 'Rose Pink' – Nr. 5593

Lobelia LOBELIX 'Blue' - No. 5245

Lobelia LOBELIX 'Blue White Eye' - No. 2772

Lobelia LOBELIX 'Dark Blue' - No. 5158

LOBELIA LOBELIX

Having a semi-upright growth habit and starting to flower in the first weeks of May, LOBELIX™ have a superior summer performance and are a great choice for growers and consumers alike.

Lobelia LOBELIX 'Lilac' - No. 2774

Lobelia LOBELIX 'Purple' - No. 2788

Lobelia LOBELIX 'White' - No. 2773

NEMESIA FAIRY KISSES™ NEMESIA KAROO

NEMESIA FAIRY KISSES™

Having two-coloured flowers, the scented FAIRY KISSES™ are a charming addition to our assortment of Nemesia. These upright growing varieties are early to flower, do not set seed and are extremely heat-tolerant in summer.

Nemesia FAIRY KISSES™
'Boysenberry 2024' - No. 9412

Nemesia FAIRY KISSES™
'Cassis' - No. 5729

Nemesia FAIRY KISSES™
'Citrine' - No. 2885

Nemesia FAIRY KISSES™
'Pink Lemonade' - No. 7038

Nemesia FAIRY KISSES™
'Vanilla Berry' - No. 9411

NEMESIA KAROO

*With their aromatic scent that is reminiscent of Amaretto, the Nemesia KAROO varieties are a great experience in the garden!
Their stout, well-branched, upright habit and early-flowering combined with excellent non-stop summer performance are the characteristics of KAROO.*

Nemesia KAROO 'Dark Blue' - No. 2863:
bushy-upright plant habit, excellent branching, deep violet-blue flowers with bright yellow-orange eyes. Retain their color even in the heat of summer – excellent for combos!

Nemesia KAROO 'Pink' - No. 2928:
stable and more compact in habit than its predecessor. The individual flowers are large, bright pink and very upright.

Nemesia KAROO 'Violet Ice' - No. 2862:
upright habit, non-fading and particularly large-flowered, with deep-blue flowers.

Nemesia KAROO 'White' - No. 2865:
early to flower, floriferous, with pure-white flowers. Compact habit, strongly scented.

NEMESIA NESSIE UP NEMESIA NESSIE PLUS NEMESIA BABY CAKE

NEMESIA BABYCAKE

Compact free branching series of colorful Nemesia. Cuttings stay compact in propagation where other varieties stretch. Pinching after rooting assures great heavy branched plants, little need for any application of plant growth retardants in finishing production.

This grower friendly series of plants are good for 4" pots, gallon containers or baskets.

Nemesia BABYCAKE 'Little Cherry 2023'
No. 2936

Nemesia BABYCAKE 'Little Banana'
No. 2935

Nemesia BABYCAKE 'Little Coco'
No. 2946

Nemesia BABYCAKE 'Little Orange'
No. 2942

Nemesia BABYCAKE 'Little Papaya'
No. 5597

Nemesia BABYCAKE 'Little Vanilla'
No. 2926

NEMESIA NESSIE UP

With their large flowers, the upright growing NESSIE UP have a colorful effect especially in the early season.

NESSIE UP 'Carunda' - No. 8895:
upright, later semi-upright habit with large pinkish flowers.

NESSIE UP 'Mirabelle' - No. 8878:
starting upright, later semi-upright plant habit; large flowers in a blending of orange and pink.

NESSIE UP 'YumBerry' - No. 9670:
upright, later semi-upright habit, large flowers in bright pinkish red.

NEMESIA NESSIE PLUS

A favorite series for strong clear color. Taller than BABYCAKES the series mainly used for large container gardening. The upgrade to NESSIE PLUS assures longer season flowering.

Nemesia NESSIE PLUS

PLECTRANTHUS

Plectranthus
'Magic Mona Pink' - No. 8950

Plectranthus 'Magic Mona' - No. 9535:
a striking huge of Purple color in the Landscape performing well in a semi shade. Grows as a short day plant. In warm climates flowering from August to May and in Northern climates flowering for Fall landscapes.

Plectranthus
'Pearl' - No. 9539

SALVIA

Salvia x guarantica
'Bodacious Rhythm and Blues'
No. 4419: this new hybrid has medium sized dark green foliage, maintaining the dark color throughout the season. Plants are covered with long flowers stems, elegant black calyx carrying larger saturated dark blue flowers.

Salvia x guarantica
'Bodacious Smokey Jazz'
No. 5259: boosting saturated boysenberry blooms with striking black calyx, freely reflowering throughout the season. Strong dark-green foliage color.

SALVIA CANDLE

Salvia farinacea
'Midnight Candle' - No. 3691

Salvia farinacea
'Light Candle' - No. 3698

Salvia farinacea
'White Candle' - No. 3659

SALVIA SAUCY *These attractive, interspecific Salvia hybrids bring a multitude of bright flower spikes up from May, all summer long, and quickly develop into quite impressive specimens. These sterile varieties are most spectacular as post season crop in large, decorative containers.*

SALVIA

Salvia x guarantica
'Bodacious Jammin' Jazz'
No. 7794

Salvia SAUCY 'Red' - No. 3689:
 scarlet-red flower spikes from early May to frost, with excellent visual impact. Vigorous and sterile, thus self-cleaning and non-stop flowering. A flowering machine, excellent for summer sales and for large decorative containers.

Salvia SAUCY 'Coral' - No. 4441:
 a new color addition to the Saucy group. Habit and performance matching the other varieties.

Salvia SAUCY 'Wine' - No. 4444:
 deep violet-purple flower spikes over deep-green foliage. Somewhat more vigorous than 'Saucy', but just as high-performance and reliable all season long as its scarlet-red partner variety.

SANVITALIA SCABIOSA SUTERA EVEREST VERBENA BONARIENSIS

SANVITALIA

Sanvitalia 'Goldbini' - No. 9086:
decorated with bright yellow flowers, this well branched variety with broad foliage is one of the earliest varieties of Sanvitalia.

Sanvitalia 'Powerbini' - No. 3699:
a unique variety amongst the Sanvitalia varieties presented here – with upright habit and dark-red flower stems. The huge, open flowers (up to 1" in diameter!) are deep orange-yellow and have great visual impact.

SCABIOSA

Scabiosa 'Summer Nights' - No. 3714:
ideal as a summer pot crop, this unusual, summer-flowering Pincushion Flower charms with wine-red flowers studded with white pin-like stamens over ruffled foliage.

SUTERA EVEREST

The "snowflake plant" *Bacopa*, with its typical white-studded, trailing stems, has truly become a mainstay in the international bedding plant market. Through our own breeding efforts, we have been able to create varieties that have better branching and more flower power – even during summer heat!

Sutera EVEREST 'Dark Blue 2024' - No. 3868

Sutera EVEREST 'Cherry Blossom' - No. 4481

Sutera EVEREST 'Ice 2019' - No. 3867

Sutera EVEREST 'Blue' - No. 3875

For growers, the short cultivation timing and the extremely uniform, compact habit across the entire series are reasons enough to choose the early-flowering VEPITA™ varieties.

COMPONENT PLANTS

ALTERNANTHERA

Alternanthera 'Jewel' - No. 1111:

brightly-colored, narrow leaves that vascillate between yellow, orange, red and green tones.

CYPERUS

Cyperus 'Baby Moses' - No. 8855

Cyperus prolifer 'Cleopatra' - No. 8828:
heat-tolerant Cyperus; medium vigour. Can take some frost.

ARTEMISIA

Artemisia 'Garden Ghost' - No. 100847

Artemisia 'Glacier' - No. 9750

Artemisia 'Makana Silver' - No. 1193

Artemisia 'Silver Cascade' - No. 1192

EUPATORIUM

Eupatorium 'Elegant Feather' - No. 2150:

feathery plant, invites to pet; grows up to 2 m in height. Lifetime as cut foliage up to three weeks.

HELICHRYSUM

Helichrysum petiolare 'Silver' - No. 2366:

the compact, bushy habit and the small, round foliage make this variety ideal for use in mixed combos.

Helichrysum petiolare 'Minima' - No. 2365

GLECHOMA

Glechoma hederacea 'Variegated' - No. 2303:

forms long, strictly pendulous stems with round, white-variegated leaves. Hardy perennial.

HELICHRYSUM

Helichrysum thian 'Icicles' - No. 2370:

a wonderful species of Helichrysum with narrow, silver-felted foliage. Quick and easy in cultivation, compact habit, healthy foliage with great impact.

Helichrysum thian 'White Wonder' - No. 2371:

a smaller, more compact form of 'Icicles', with particularly whitish foliage. The shorter, tougher leaves are more vertically oriented, the entire plant is brightly conspicuous.

COMPONENT PLANTS

HOMALOCLADIUM

Homalocladium 'Ribbons and Curls' - No. 6402: Instead of ordinary leaves, this variety has flat stems, contributing to the bizarre look of this special component plant. 'Ribbons and Curls' thrives under various temperature conditions and even can take some frost.

LYSIMACHIA

Lysimachia nummularia 'Goldilocks' - No. 2811: a well-kept secret, this selection of the native "creeping Jenny". The elegant, cascading stems are adorned with perfectly round chartreuse to golden-yellow leaves and the occasional golden flower.

Lysimachia 'Hillier Sunburst' - No. 9279: excellent new trailing component plant with shiny dark green, red veined leaves on red leaf stems. In summer many yellow flowers appear. Hardy to USDA zone 6.

MUEHLENBECKIA

Muehlenbeckia complexa 'Small Leaf' No. 2846: a little treasure hailing from New Zealand, with a bizarre habit and dark, wiry stems that are set with tiny emerald-green leaflets. Muehlenbeckia retains its attractiveness well into winter, is easy in cultivation and also suitable as a dense ground-cover in cemetery plantings.

PLECTRANTHUS

Plectranthus coleoides 'Variegata' - No. 3575: tough and vigorous plant with long shoots.

SENECIO

Senecio 'Angel Wings' - No. 8785: beautiful component plant with silky-silvery foliage and tremendous effect. Good grower and drought tolerant.

Senecio 'Silver Gleam' - No. 6196: silver-white oak-shaped leaves. Good weather resistance and cold tolerance.

Senecio 'Winter Whispers' - No. 8731: partner to 'Silver Gleam' with attractive silver-white foliage, resembling the shape of oak leaves.

Senecio 'Winter Whispers'

SEDUM

Sedum 'Yellow Bouquet' - No. 3743: prostrate variety with chartreuse foliage, more compact in habit. Perfectly suited for pot cultivation.

VINCA MAJOR

Vinca major 'Variegata' - No. 4047: variegated Vinca vine variety with white to creamy-yellow margins. Excellent for applications in the shade.

HERBS

Herbs have become indispensable in daily life – either as a culinary kick in the kitchen, or as a fundamental element of the urban-Mediterranean lifestyle.

Artemisia dracunculus
'French Tarragon' - No. 6184:
pepper flavor. Great for spicing.

Mentha spicata
'Spearmint' - No. 5243:
best mint flavour and aroma.

Mentha x piperita
'Chocolate' - No. 5248:
dark foliage, trailing/cascading habit.

Mentha x piperita
'Peppermint' - No. 5247:
strong mint taste.

Origanum vulgare - No. 4640:
aromatic culinary variety, robust.

Origanum vulgare
'Hot & Spicy' - No. 4641:
spicy, hot flavor, tough plant.

Rosmarinus officinalis
'Upright' - No. 4672:
robust variety, upright growth habit.

Rosmarinus officinalis
'Prostate Rosmary' - No. 4673:
creeping habit.

Salvia officinalis
'Growers Friend' - No. 6067:
blue-green foliage, excellent flavour.

Salvia officinalis
'Icterina' - No. 3681:
attractive variegated foliage, aromatic.

Salvia officinalis
'Purpurascens' - No. 3682:
dark foliage, excellent aroma.

Salvia officinalis
'Tricolor' - No. 3674:
attractively foliage, aromatic.

Satureja douglasii
'Indian Mint' - No. 5234:
mint scent, trailing habit.

Thymus citriodorus variegata - No. 5149:
lemon thyme;
yellow-green variegation.

At Concept Plants® we represent a large group of new plants from different breeders all over the world. We source, licence and manage varieties in the US, introducing them to a worldwide audience. We do so by supporting our breeders in the process of marketing their new a: from plant patents, trialling, trial- and licence-agreements, introductions, royalty collection, photography, marketing – and much, much more. In doing so, we make every effort to achieve optimum royalty returns, all while keeping things professional, yet personal.

Not only do we promote and market these new varieties: we also supply growers worldwide, making sure they get to work with varieties worthy of their time. One of these key URC suppliers is Kientzler North America.

We've had a close partnership for years, and Kientzler is one of our most trusted sources when it comes to selling URC of varieties managed by Concept Plants®.

Bringing plants, people and ideas together.

Abelia grandiflora 'Kaleidoscope' - No. 7661:
the yellow-green leaves turn to warm bronze tones from September onwards, showing off the baby-pink flowers funnels; attractive shrublet.

Achillea 'Diadem' - No. 9779:
this snow white beauty produces a mass of pompon-shaped flowers in summer. Mounding habit and a compact height of 12" tall. Hardy to USDA Zone 4a.

Agastache 'Beelicious Pink' - No. 9592

Agastache 'Beelicious' - No. 1018:
Beelicious Purple has longlasting sterile purple flowers with a great habit. It's a magnet for bees and drought tolerant. Hardy to USDA zone 5.

Agastache 'Crazy Fortune' - No. 9781:
the variegated foliage is fragrant and blue-purple flowers appear from July to September. Upright habit and about 30" high and 20" wide. Hardy to USDA Zone 5a.

Ajuga reptans 'Burgundy Glow' - No. 1106:
a dainty, creeping/cascading Ajuga variety. With the onset of cooler weather, the young foliage is flushed with pink.

Ajuga reptans 'Elmblut' - No. 1105:
healthy and robust glossy ebony black foliage. A prolific spring bloomer in the garden.

Ajuga 'Princess Nadia' - No. 1108:
dwarf-type of Ajuga with best suitability for small pots and small-scale combinations.

ASTER KICKIN CALENDULA

Aster Kickin 'Carmine Red' - No. 1244

Aster Kickin 'Lavender' - No. 1218

Aster Kickin 'Lilac Blue' - No. 1207

Aster Kickin 'Pink Chiffon' - No. 1217

Aster Kickin 'Purple' - No. 1214

Aster Kickin 'Sapphire' - No. 1210

ASTER KICKIN

Aster dumosus hybrids from our own breeding are naturally compact with a bushy habit and finely textured green foliage. From late summer through mid-fall the plants are completely covered with flowers, creating a huge splash of color. They are terrific in containers or near the front to middle of the border.

CALENDULA

Calendula hybrid WINTER WONDERS®
'Amber Artic' - No. 9331

Calendula hybrid WINTER WONDERS®
'Peach Polar' PP26,981 - No. 5719

PERENNIAL

CARYOPTERIS

Caryopteris 'Blue Knight' - No. 9801:

semi-tall variety, with the stems are decorated with flowers from tip to toe. Earlier to bloom than 'Dark Knight'. Best suitable for medium-sized to larger containers.

Caryopteris 'First Blue' - No. 9800:

the very earliness is characteristic for 'First Blue' (flowering by mid-August). Suitable for 13cm pots as well as 2-3 Litre containers.

Caryopteris 'Blue Cloud' - No. 1503:

uniform, well-rounded habit both in height and width. Long-lasting flowering period. Mid-season (mid-September). Suitable for cultivation in pots and containers.

CERATOSTIGMA

Ceratostigma plumbaginoides - No. 1515:

numerous terminal, gentian-blue flowers cover the plants of this species for weeks and weeks from September onwards. Under cooler conditions in autumn, the foliage turns bright red.

CHELONE IYONII

Chelone lyonii 'Tiny Tortuga' PP25,350 - No. 3119:

a compact Chelone which flowers contrast beautifully with its dark green leaves. Flowers in the summer and grows up to 24" high and 12" wide. It prefers sun or semi shade in a moist soil. USDA Zone 4a.

CLEMATIS

Clematis 'Little Lemons' - No. 7062:

nice yellow bell-shaped flowers. Fluffy seed heads after flowering. Extraordinary dwarf habit. Very long flowering period. Excellent pot plant. USDA Zone 5b.

DELOSPERMA SUNDIAMONDS

Having a good heat and drought tolerance, the hardy *Delosperma* gain in popularity over the last years. The well-known *WHEELS OF WONDER* are complemented by the more compact and free blooming *SUNDIAMONDS*.

Delosperma SUNDIAMONDS 'Orange' - No. 7468

Delosperma SUNDIAMONDS 'Red' - No. 7469

Delosperma SUNDIAMONDS 'Rose' - No. 7470

Delosperma SUNDIAMONDS 'White' - No. 7471

Delosperma SUNDIAMONDS 'Yellow' - No. 7472

PERENNIAL

DELOSPERMA WHEELS OF WONDER®

The WHEELS OF WONDER® Delosperma flower continuously from early summer to early winter. It grows to 6" high and 20" wide. It prefers a sunny spot in sandy soil with good drainage.

WHEELS OF WONDER® is perfect as solitary on terrace or balcony, in rock gardens, perennial borders, roof gardens, combined planting and as flowering groundcover.

Delosperma WHEELS OF WONDER®
'Fire Wonder' - No. 2985

Delosperma WHEELS OF WONDER®
'Golden Wonder' - No. 2986

Delosperma WHEELS OF WONDER®
'Hot Pink Wonder' - No. 2987

Delosperma WHEELS OF WONDER®
'Hot Orange' - No. 5257

Delosperma WHEELS OF WONDER®
'Limoncello' - No. 3151

Delosperma WHEELS OF WONDER®
'Orange Wonder' - No. 3153

Delosperma WHEELS OF WONDER®
'Violet Wonder' - No. 2891

Delosperma WHEELS OF WONDER®
'White Wonder' - No. 3097

EUPHORBIA

Euphorbia 'Ascot Rainbow' - No. 8687:
well branched plant habit from bottom to top; variegated inflorescence in spring. Hardy and evergreen perennial.

Euphorbia 'Athene' - No. 9428:
very compact growing plant with light-green foliage and fresh yellow-green flowers in spring.

Euphorbia 'Medea' - No. 9429:
somewhat more vigorous than 'Athene' with reddish accented foliage, resulting in a remarkable blending of colors.

Euphorbia 'Xenia' - No. 9655:
great colour scheme in spring when the bright greenish flowers are nicely presented over the red-brown foliage. Semi-compact variety.

GYPSOPHILA

Gypsophila 'Summer Sparkles' - No. 2363:
hardy "Baby's Breath" variety with unusually compact habit. Flowers up from mid June. Re-blooms reliably.

PERENNIAL

HEUCHERA HEUREKA

Heuchera HEUREKA 'Amber Lady' - No. 2474:
expressive Heuchera with large, pink-orange colored foliage and gentle red-brown veining. A secret favorite!

Heuchera HEUREKA 'Black Knight' - No. 4207:
specialty variety with compact plant habit; best suited for smaller plantings. Dark foliage with violet reverse side.

Heuchera HEUREKA 'Chateau Rouge' - No. 4263:
in addition to the nice foliage: Highly attractive flower show in the second year with pink-white flowers on short stems.

Heuchera HEUREKA 'Emerald Queen' - No. 4221:
compared to 'Green Spice', this variety shows better basal branching and shorter leaf stems.

Heuchera HEUREKA 'Beautiful Dancer' No. 4242:
slightly curled foliage, colored similar to rosé wine with silvery glimmer.

Heuchera HEUREKA 'Little Prince' - No. 4205:
very compact growing variety with tight habit. Best suitable for cemetery and smaller pots.

Heuchera HEUREKA 'Lord Lime' - No. 1995:
tight growing variety with light pink flowers on medium-tall stems. Perfect for half shade locations.

Heuchera HEUREKA 'Mint Marquess' No. 4262:
nice plant habit; tightly decorated with pink flowers on short stems already in the first year. Good sun resistance.

Heuchera HEUREKA 'Red Fury' - No. 4210:
tight growing variety with shiny, curly foliage on red stems. Attractive plant in autumn time.

Heuchera HEUREKA 'Season's King' - No. 2461:
leaves with plum-like coloration and dark veining. Bright color effect especially under colder conditions.

Heuchera HEUREKA 'Silver Lord' - No. 2468:
good basal branching with numerous leaves, coloured tin-like to violet. More flat plant habit.

Heuchera HEUREKA 'Sweet Princess' - No. 2475:
New shoots emerge in a peach-like coloration and turn orange-pink over time. Silveray overlay.

Heuchera HEUREKA 'Timeless Orange' - No. 4264:
somewhat larger leaves in amber-orange, turning bright orange-red under colder conditions. Light orange flowers in the second year.

HEDERA

Hedera 'Yellow Ripple' - No. 2318: bizarre variety with intermediate vigour. Green centered leaves with cream-yellow margins.

Hedera 'Anita' - No. 2334: an especially small-leaved variety, with tiny, three-pronged, mossy green leaves and an extremely tight branching habit.

Hedera 'Asterisk' - No. 2333: decorative, five- to seven-lobed, olive-green leaves, intermediate vigour and excellent self-branched stems. Moderate hardiness.

Hedera 'Duckfoot' - No. 2323: small, matte olive-green leaves. A vigorous variety with long, well-branched stems and short internodes.

Hedera 'Fandango' - No. 2952: excellent self-branching habit, with reddish stems and fan-shaped, dark-green leaves.

Hedera 'Feenfinger' - No. 2953: this densely self-branching ivy cultivar has 3-5 slender, tiny, birdfoot-like lobes, uniting to a wedge-shaped base.

Hedera 'Glacier' - No. 2321: tried-and-true variety with irregular, obtusely triangular leaves in grey green, frosted with silver and with narrow white margins. Vigorous, with long runners.

Hedera 'Gold Child' - No. 2320: bizarre variety with five extended lobes that are pointed and wavy towards the tips. Green centres and cream-yellow margins. Intermediate vigour.

Hedera 'Golden Ingot' - No. 2328: small, triangular leaves are dark olive green with light yellow speckling in the centres. Intermediate vigour and compact habit.

PERENNIAL

Hedera 'Goldstern' - No. 2104: star-shaped, five-lobed, bright gold-green leaves with dark green centres. Easy and care-free variety with good branching and a cascading habit.

Hedera 'Grünpfel' - No. 2955: medium vigour, with teardrop-shaped, grey-green foliage with silvery-grey venation on reddish stems. Stunning ivy selection with excellent winter hardiness.

Hedera 'Luzii' - No. 3938: attractive variety with irregular leaf pattern. Vigorous variety with low branching. Extra pinching recommended.

Hedera 'Mini-Ester' - No. 2325: dainty, elegant variety with tiny, three-pronged leaflets with grey-green centres and white margins. 'Mini-Ester' is slow-growing and compact.

Hedera 'Modern Times' - No. 2956: a stronger-growing variety with long stems and neatly five-lobed leaves in matte green.

Hedera 'Needlepoint' - No. 2958: 'Needlepoint' is a dainty variety with perfect bird-foot foliage, excellent self-branching characteristics and a particularly compact habit.

Hedera 'Philosoph' - No. 2996: variety with semi-vigorous, tight plant habit.

Hedera 'Ritterkreuz' - No. 2322: dark olive-green leaves that are reminiscent of the Maltese cross. Strong-growing variety, long stems, loosely set with the attractive leaves.

Hedera 'Tear Drop' - No. 2332: pointed, teardrop-shaped leaves - glossy dark green and non-lobed, on strong, compact plants. Excellent pot variety, good hardiness.

Hedera 'White Ripple' - No. 2962: the white-green variegated partner variety to 'Yellow Ripple', with good self-branching habit. The fan-shaped leaves sport very narrow, elongated, pointed lobes that are irregularly margined in creamy white.

Hedera 'William Kennedy' - No. 2324: similar to 'Glacier', but much smaller leaves. The leaves are pearly grey, frosted with silver and with slim pure-white margins. Short, well-branched stems.

Hedera 'Yellow Ripple Mutation' - No. 2963: our own selection, this yellow-leaved sport of 'Yellow Ripple' has fresh chartreuse, slightly wavy leaves and excellent sun tolerance. Compact habit.

HELIANTHUS HELICHRYSUM HELIOPSIS HYPERICUM

PERENNIAL

HELIANTHUS

Helianthus 'Suncatcher' - No. 5330: compared to other perennial sunflowers 'Suncatcher' has a better branched plant habit with shorter stems and good plant health.

HELICHRYSUM

Helichrysum thian. 'Icicles' No. 2370: a wonderful species of Helichrysum with narrow, silver-felted foliage. Quick and easy in cultivation, compact habit, healthy foliage with great impact.

Helichrysum thian. 'White Wonder' No. 2371: a smaller, more compact form of 'Icicles', with particularly whitish foliage. The shorter, tougher leaves are more vertically oriented, the entire plant is brightly conspicuous.

HELIOPSIS

Heliopsis 'Sole Giatto' - No. 4514: highly floriferous variety. Its compact plant habit makes it best suitable for 1-2 L containers.

Heliopsis 'Punto Rosso 2020' - No. 9289: yellow-orange flowers with red center contrasting nicely with the dark foliage. Long lasting flowers.

Heliopsis 'Sol d'Oro' - No. 9758: unique breeding with large, golden-yellow flowers on short stems. Flowering over a long period and good branching makes this a true winner in summer.

Heliopsis 'Sole Scurro' - No. 9757: the shiny orange-yellow flowers with red center create a great contrast to the darker foliage which shows up under outside conditions. Nice, upright plant habit.

Heliopsis 'Sole d'Arancia' - No. 6562: semi-tall variety with firm, upright growth habit. Petals in shiny orange contrast nicely with the dark green foliage below.

HYPERICUM

Hypericum MAGIC MARBLES 'Red' No. 2736: medium vigour, excellent branching with impressive, large carmine-red berries.

Iberis sempervirens 'Candy Ice' - No. 2516: excellent branching, not prone to premature flower initiation. Countless pure-white flower heads appear "right on time" in early spring.

Iberis sempervirens 'Snowball' - No. 2520: a stunning Iberis hybrid. The pure-white flowers appear very early over the dark-green foliage and continue flowering for months. No need for PGR treatments!

Lamiaeum galeobdolon 'Variegatum' - No. 2665

Lamium maculatum 'Lamira' - No. 2679

Lamium maculatum 'Orchid Frost' - No. 2672

Lamium maculatum 'White Nancy' - No. 2674

Lavandula 'Exceptional' - No. 7995: fantastic garden performance in cool weather. Flower spikes attract pollinators and fill landscapes with an abundance of color. Blooms mid-summer to early fall. Hardy to zone 5b. Specifically bred to minimize propagation loss.

Lavandula 'Sensational' - No. 6979: Sensational! has broad, thick, bright silver leaves and large (4") intense purple flowers on densely flowered spikes. Sensational! flowers abundantly from Summer to Autumn. Compact, upright habit, a well-branched plant of about 24" high and wide. High tolerance to leaf spotting and root disease.

Lavandula x intermedia Phenomenal 'Niko' (US PP24,193) - No. 2887: has tolerance to extreme heat and humidity, and is resistant to common root and foliar diseases. It has silvery foliage and consistent growth with uniform, mounding habit. Hardy USDA zone 5.

Lavandula angustifolia 'Blue Jeans' - No. 9794

Lavandula angustifolia 'Big Time Blue' PP#24,827 - No. 2814: with deep blue flowers. The size of the flowers is strikingly bigger than other lavender varieties. 'Big Time Blue' stands out for its vibrant, silvery green foliage. It has a size of 20" high and 30" wide.

Lavandula angustifolia 'Big Time White' - No. 100573

PERENNIAL

LYSIMACHIA

Lysimachia 'Autumn Snow' - No. 2818

Lysimachia nummularia 'Goldilocks' - No. 2811

MUEHLENBECKIA

Muehlenbeckia complexa 'Small Leaf' - No. 2846

MAZUS REPTANS

Mazus reptans - No. 7751:
multitude of violet-blue flowers with yellow markings from March onwards. Densely branched, creeping habit, thus excellent for baskets.

Mazus reptans 'Albus' - No. 7750:
creamy-white partner to Mazus reptans, this hardy groundcover is perfectly suited for cultivation with other early-spring crops.

NEPETA

Nepeta kubanica 'Neptune' - No. 8708:
a dwarf Nepeta kubanica (height 6" to 8") with large flowers. Intense scented foliage and a strong and well branched habit. Starts blooming beginning of June. Perfect for medium sized containers. Hardy to USDA zone 4.

PHLOX BAMBINI

Phlox Bambini® is a series of compact varieties with a height and width of 10-12" and flowers from early summer until autumn. Bambini® prefers sun or partial shade. Use them as a solitary on your patio or in mixed containers, in perennial border or mass planting. It tolerates heat and humidity and is more mildew-tolerant than other Phlox series.

Phlox paniculata
'BAMBINI™ Sweet Tart'
No. 9783

Phlox paniculata
'BAMBINI™ Desire' PP27,557
No. 8587

Phlox paniculata 'BAMBINI™ Cherry Crush' - No. 9784

Phlox paniculata 'BAMBINI™ Lucky Lilac' - No. 9785

PEROVSKIA

Perovskia-Hybride 'Silver Scepter' - No. 3946:
non-brittle variety, flowering from mid-July onwards. Nice contrast between the lanceolate, smooth, silver-white foliage and the violet-blue flower spikes. Stiffly upright in habit, with excellent branching and keeping qualities.

PERENNIAL

RUDBECKIA MINIBECKIA™

Rudbeckia MiniBeckia™ 'Flame' - No. 7150:
well branched habit with prolific flowering under long day conditions. Expect large yellow flowers from June to the end of October.

SALVIA FEATHERS

Salvia FEATHERS 'Flamingo' ('Bocoffla'PPAF) - No. 9786:
Salvia Feathers has unique deeply incised scented foliage that gives the plant an airy and elegant look. Feathers Flamingo has soft pink flowers with large spikes and blooms even in the first year. Hardy to USDA Zone 4b (testing 4a).

Salvia FEATHERS 'Peacock' ('Bocofpea'PPAF) - No. 9787:
it produces purple-blue flowers with large spikes and blooms even in the first year. The flowering period is from June to August with a rebloom in autumn. Hardy to USDA Zone 4b (testing 4a).

SALVIA VIBE

Salvia VIBE Ignition 'Fuchsia' - No. 9002:
somewhat more compact with bright purple flowers. About 100 cm tall in summer. Noble appearance!

Salvia VIBE Ignition 'Purple' - No. 4417:
an attractive, compact ornamental sage variety with masses of medium sized deep purple flowers. Hardy to USDA zone 7.

SALVIA OFFICINALIS

Salvia officinalis 'Icterina' - No. 3681:
attractive variegated foliage, aromatic.

Salvia officinalis 'Purpurascens' - No. 3682:
dark foliage, excellent aroma.

Salvia 'Blue Bouquetta' PPAF - No. 8739:
are reblooming variety, enjoyed as majestic flowers from early summer until winter. It is a compact variety covered with big flowers and will reach 8" high. Winter hardy to USDA zone 4b.

Salvia officinalis 'Tricolor' - No. 3674:
attractively foliage, aromatic.

PERENNIAL

Sedum SUNSPARKLER™ 'Cherry Tart' No. 9087: multiple dark pink flowers emerge in late summer above the attractive, red-brown foliage. Perfect ground cover.

Sedum SUNSPARKLER™ 'Dazzleberry' No. 9088: with its compact mounding plant habit, 'Dazzleberry' fills quickly the pot and is well suitable as floriferous ground cover.

Sedum SUNSPARKLER™ 'Dream Dazzler' No. 9096: compact size, does not flop. Excellent dense groundcover. Variegated foliage. Highly disease resistant.

Sedum SUNSPARKLER™ 'Firecracker' No. 9097: stands out for its vibrant and sunny colors. Firecracker has impressive red foliage. In summer, large, pink flowers appear. This succulent has a compact, creeping habit.

Sedum SUNSPARKLER™ 'Lime Zinger' No. 9089: has impressive green foliage. With red margins in summer, large, soft pink flowers appear. This succulent has a compact, creeping habit.

Sedum 'Sunsparkler® Wildfire' - No. 9791: it has beautiful red variegated foliage and the flowers are intense rose coloured. It flowers from summer to autumn. Its groundcover habit is: 8" tall and 16" tall.

Sedum SUNSPARKLER™ 'Plum Dazzled' No. 9789: a new Sunsparkler™ Sedum with stunning dark purple foliage and large, cherry coloured flowers. Compact habit.

Sedum cauticola - No. 3733: this astounding carpet perennial is a people-pleaser! Much tighter in habit than the species, and also more floriferous, this form brings forth loads of rose-pink flowers over glaucous foliage.

Sedum 'Painted Pebble' - No. 3761: tightly growing Sedum, which is covered with red buds by start of September, to flowers in light pink color from mid-September to end of October.

Sedum 'Red Canyon' - No. 3762: globe-shaped improvement with tight habit and lilac-pink star-flowers.

Sedum 'Rocky' - No. 3764: compact growing partner variety; compared to Sedum cauticulum with darker leaf and foliage-color; slightly later to flower.

Sedum 'Chocolate Ball' - No. 3732: very compact growing Sedum; needs some protection over winter. About 4-6 weeks longer crop time compared to 'Lemon Ball'.

Sedum 'Green Ball' - No. 3741: blue-green, fully hardy perennial with compact growth habit. Habit similar to 'Chocolate Ball' but significantly faster in cultivation.

Sedum 'Yellow Cushion' - No. 3750: the dense chartreuse foliage; tops of which are flushed with orange-red in autumn. Robust plants with a compact, pillow-like habit and is fully hardy.

Sedum 'Dark Canyon' - No. 100849: numerous pink flowers over grey to dark crimson foliage. Partner variety to 'Grand Canyon'; medium earliness.

Sedum 'Olive Valley' - No. 100848: pink flowers with darker centre form a nice contrast to the blue-green foliage, that turns to light violet over time. Partner variety to 'Grand Canyon', early blooming.

PERENNIAL

VERONICA *The Veronica Candles series stands out for its long flowering period from late spring to autumn. First year rich flowering, bee-friendly, and low-maintenance. Neat and compact habit. Available in a range of bright colors.*

Veronica 'Pink Candles' ('Verspi') - No. 4484: beautiful flower spikes on a compact and well branched plant. Needs cooling for flowering.

Veronica 'Baby Bloomer Blue' - No. 9792

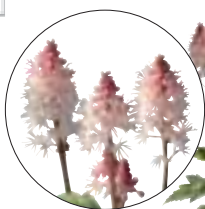

Veronica 'Purplegum Candles' - No. 9793

Veronica 'Snow Candles' - No. 9410

TIARELLA

Tiarella 'Pink Torch' - No. 3905: free-flowering, mid-season variety, with long-lasting, ivory-white flower spikes with pink tips. Star-shaped, dark-green foliage with dark central blotches that emerges in a soft, mossy green.

WOODLAND COMBO *Woodland Combo: Is a blend of foliage color and texture in a plant mixture that is zone 5 hardy. Combinations can grow together and provide 4 seasons of garden display. Target sales in early spring and fall and extend the Greenhouse sales window. Pre selected combinations like Forest Green assure plant selection is compatible.*

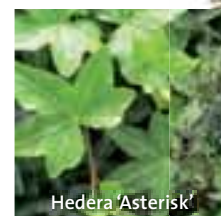

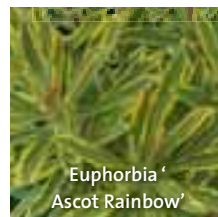

Forest Green

Woodland 'Forest Green' No. 6982: Euphorbia 'Xenia', Ajuga 'Burgundy Glow', Ajuga 'Elmblut' and Ivy 'Glacier'

Frosted Morning

Woodland 'Frosted Morning' No. 6983: Euphorbia 'Ascot Rainbow', Ajuga 'Burgundy Glow' and Hedera 'Asterisk'

MECARDONIA

Early to flower, dense cushions smothered with tiny, brilliant yellow flowers open a whole range of new applications – as groundcover for flower beds, cemetery plantings or as trailing partner in hanging baskets or mixed combos.

Mecardonia 'Magic Carpet Yellow' - No. 2844: particularly early-flowering selection with larger flowers and a more bushy-upright plant habit.

PETUNIA X CALIBRACHOA SUPERCAL PREMIUM

SUPERCAL PREMIUM

New class of SUPERCAL that combines the longevity of bloom found in SUPERCAL genetics with the larger bloom of Petunia. These traits combined with upright habit make SUPERCAL PREMIUM a great candidate for large pots and landscape application in the garden. The colors found in SUPERCAL PREMIUM are unique and add to the palette of SUPERCAL genetics. Many are using SUPERCAL PREMIUM in Fall mixed containers.
