PERENNIAL

CALENDULA WINTER WONDERS®

Flowering year-round, the WINTER WONDERS® do not set seed and have a nice round plant habit. In addition these exceptional varieties are absolutely healthy: resistant to mildew and far less attractive to slugs and snails than conventional marigolds.

Even light frosts are easily survived.

MECARDONIA

Early to flower, dense cushions smothered with tiny, brilliant yellow flowers open a whole range of new applications – as groundcover for flower beds, cemetery plantings or as trailing partner in hanging baskets or mixed combos.

Mecardonia 'Magic Carpet Yellow'
No. 2844: particularly early-flowering selection with larger flowers and a more bushy-upright plant habit.

PETUNIA X CALIBRACHOA SUPERCAL PREMIUM

SUPERCAL PREMIUM

New class of SUPERCAL that combines the longevity of bloom found in SUPERCAL genetics with the larger bloom of Petunia. These traits combined with upright habit make SUPERCAL PREMIUM a great candidate for large pots and landscape application in the garden. The colors found in SUPERCAL PREMIUM are unique and add to the palette of SUPERCAL genetics. Many are using SUPERCAL PREMIUM in Fall mixed containers.
